School of UNDERGRADUATE STUDIES

Find Yourself

First-year interest group

What is a FIG?

It's a **connection** with experienced students: upper-division peer mentors with inside knowledge of university life.

"The FIG program is the best thing available to any UT freshman or transfer student. From making friends, to sharing the same classes, to familiarizing yourself with the school, a FIG can make all this happen."

- Marianna Dubinsky, Advertising Sophomore

It's a **resource** for getting to know The University of Texas at Austin.

It's a wonderful **start** to your college education.

It's a First-year Interest Group.

Why join a FIG?

When you join a FIG, you instantly become part of a community formed by 20 students with similar academic interests. Led by a peer mentor, your FIG cohort takes courses together, which means you'll actually know who's sitting next to you in class. You'll also take part in a weekly seminar, where your mentor will facilitate the exploration of common first-year issues such as academic resources and campus life. In addition, your mentor will plan activities to help you discover everything that UT and the city of Austin have to offer.

When you join a FIG, you'll be a part of a program that for 10 years and counting has helped students perform better in classes and maintain a higher GPA.

How to join a FIG:

1. Review the FIG course listings and choose the FIG(s) right for you.
2. Meet with your academic advisor and tell them you would like to join a FIG.
3. Register for academic FIGs during summer orientation.
4. Get ready for a great year!

"I learned that uncertainty is not always something to fear, but rather something to learn from."

- Cathy Coussons, Engineering Junior

McCombs School of Business

FIGs in the McCombs School of Business offer a unique opportunity for business freshmen to connect with their classmates, professionals, instructors, and the university community. Through participation in a weekly seminar, McCombs students will explore resources, majors, and organizations that are available to them. Additionally, FIGs will discuss topics relevant to all new students: time management, study skills, careers, major exploration, and fun things to do in Austin. Each of our FIGs feature required courses that will satisfy undergraduate degree requirements for the business majors. For additional information, contact The McCombs Undergraduate Programs Office (512) 471-0690.

Business FIG Course Listings 2010

Austin Start-up

This FIG is appropriate for any McCombs student with the appropriate placement test score to take calculus.

UGS	001	First-Year Interest Group SMNR-BUSN

"FIG is a great way to learn about the many resources on campus. I had no idea about some of the great things UT offers and still would not know if it hadn't been for my FIG mentor!"

- Allison Horsley, Business Freshman

Pre-professional FIGs

Pre-professional First-year Interest Groups (FIGs) are organized around themes and pre-professional programs that fall outside of the traditional academic disciplines. These FIGs are open to all majors in all colleges (unless otherwise noted) and will give students the opportunity to explore a broad range of interests as well as network outside of their particular college. If you are interested in joining a pre-professional FIG, talk to your advisor during summer orientation. For more information, please call the FIG office at (512) 232-3447.

What is a Signature FIG?

A Signature FIG provides an opportunity for first-year students to take core courses in a group of 18 students and receive academic assistance from a Signature Course peer mentor. The small size of the cohort allows students to become friends with their classmates and also get to know their Signature Course instructor. These FIGs are open to all majors in all colleges (unless otherwise noted). The other courses in each FIG count toward core requirements and may count for a Bridging Disciplines Program (BDP) certificate, should a student be accepted into a BDP. It is our hope that this new program will significantly aid in making the transition from high-school level to college-level thinking and writing as well as encourage major and career exploration.

Signature FIGs

2010

Children & Society

UGS	302	Young People and Drugs
